ABOUT **Q⁺ampusPlus**

QampusPlus is an enterprise on-demand school management solution that fully automates and streamlines all aspects of school administration. It is the automation solution every modern school requires to favourably compete. It features capabilities for carrying out all regular and day to day activities of the school in a fast, easy, efficient and accurate manner.

The solution is a powerful online platform for bringing parents, teachers and students into a collaborative community for proper communication flow. The solution is designed for educational institutions at all levels and is exceptionally reliable, accessible, adaptive and secure.

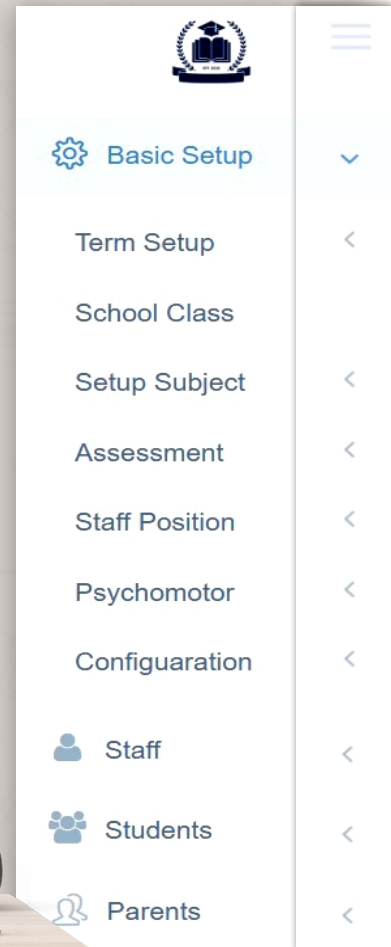

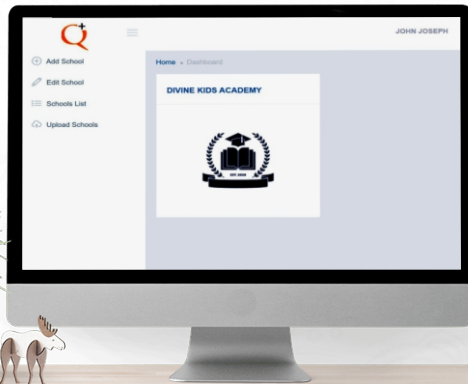

KEY FEATURES

01

ADMINISTRATIVE DASHBOARD

Q+ Administrative Dashboard is a comprehensive platform designed to streamline school operations and enhance administrative efficiency. Its intuitive interface and powerful features enable seamless management of core processes in educational institutions.

KEY FEATURES OF THE ADMINISTRATIVE DASHBOARD

- 1. BASIC SETUP:** Configure and personalize the system to align with your school's unique structure. This includes setting up academic sessions, grade levels, classes, and user roles for staff, students, and parents.
- 2. FEES MANAGEMENT:** Simplify financial processes with tools to generate invoices, track payments, manage overdue fees, and generate financial reports. Parents can conveniently view and pay fees, ensuring transparency and timely collection.
- 3. RESULT MANAGEMENT:** Automate academic performance tracking with an easy-to-use system for inputting, calculating, and generating student results and report cards. Customizable grading templates ensure compliance with various educational standards.
- 4. COMMUNICATIONS MANAGEMENT:** Foster effective communication with a centralized messaging system. Send announcements, reminders, and notifications to parents, and staff via in-app alerts.

ATTENDANCE MANAGEMENT

The Attendance Management feature simplifies and streamlines the process of managing student attendance. Designed for efficiency and accuracy, this feature allows educators and administrators to monitor attendance, and take daily attendance digitally with a few clicks, reducing manual errors and saving valuable time.

This feature not only enhances transparency and accountability but also fosters a culture of punctuality and responsibility, ultimately supporting academic success.

03

RESULT MANAGEMENT

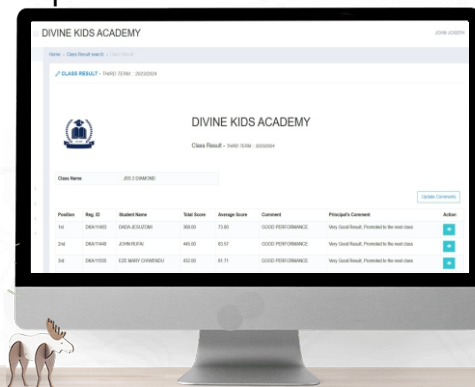

Our Result Management feature is designed to simplify academic record-keeping and streamline result processing. It enables schools to generate **termly results**, providing a detailed breakdown of students' performance across all subjects for a specific term.

Its **cumulative result** functionality, consolidates academic performance over multiple terms or sessions, offering a holistic view of each student's progress and achievements.

This is particularly useful for evaluating long-term performance trends and identifying areas for improvement.

Additionally, the feature supports the creation of **student transcripts**, delivering a professional and standardized record of academic history.

CampusPlus ensures accuracy, efficiency, and compliance with academic standards.

05 STUDY CENTRE

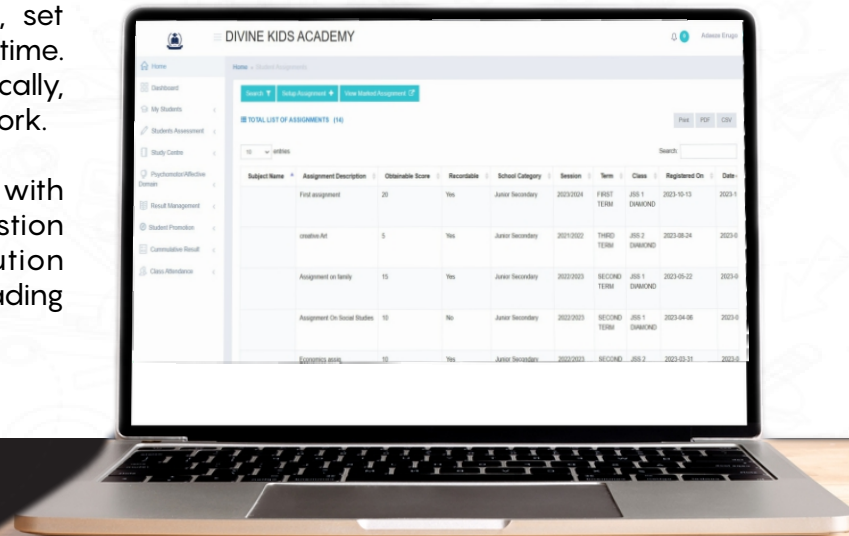

The Study Centre feature, empowers both educators and students with tools to optimize teaching and learning. Key features include:

LESSON PLANS AND NOTES: Teachers can create and upload lesson plans and notes for approvals and use ensuring that the curriculum is delivered consistently.

QUIZZES: Create and administer quizzes to assess student understanding and track progress. These can be scheduled for specific dates and time slots, offering instant grading and feedback.

ASSIGNMENTS: Teachers can assign tasks, set deadlines, and monitor submissions in real time. Students can submit assignments electronically, ensuring seamless management of coursework.

EXAMINATIONS: Conduct formal exams with customizable settings for duration, question types, and grading schemes. The solution supports both manual and automated grading for efficiency.

COMPUTER-BASED TESTING (CBT): Administer CBTs to provide a secure and standardized testing environment. With remote access options, students can take exams anytime and anywhere within a set timeframe.

QUESTION BANKS: Build and manage a repository of questions that can be used to generate quizzes, assignments, and exams. This feature supports a variety of question types, including multiple-choice, short-answer, and essay.

OTHER USER DASHBOARDS

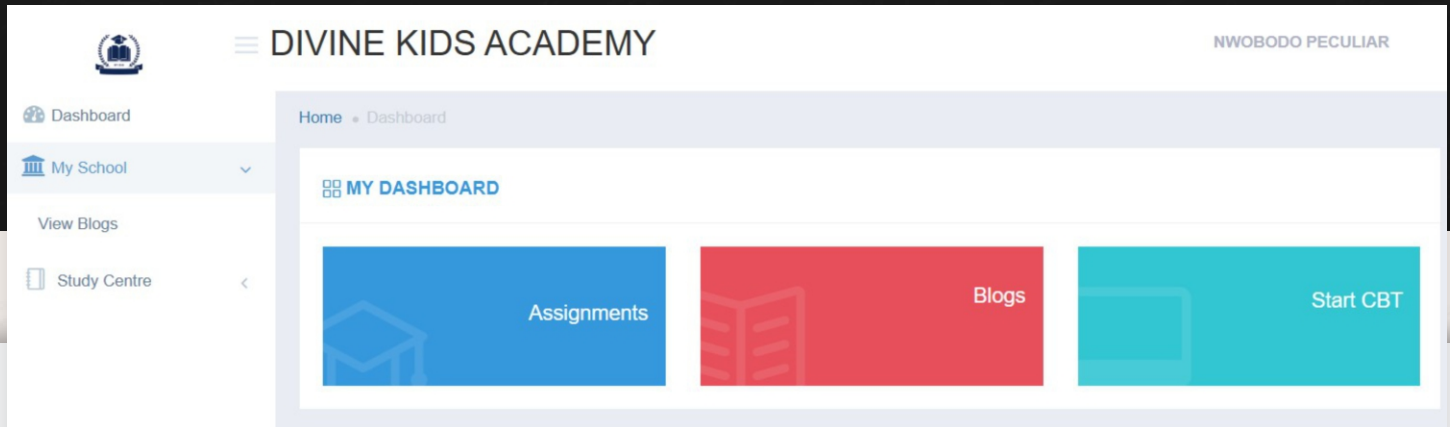

- **TEACHER DASHBOARD:** The teacher dashboard provides an organized overview of daily activities, including, attendance management, grade/results management, and lesson plans and notes. Teachers can easily assign quizzes, assignments, CBT and Exams, all from a single interface.

TEACHERS DASHBOARD

The screenshot displays the 'Divine Kids Academy' Teacher Dashboard. On the left, a sidebar menu includes 'My Students', 'Students Assessment', 'Enter Termly Score', 'View Termly Score', 'Mid-Term Score', and 'View Mid Term Score'. The main content area features a top header with the academy name and a user profile 'Adaeze Erugo'. Below this is a 'Home' section with a grid of six interactive tiles: 'View Students' (blue), 'Assessment Score' (red), 'Enter Assessment Score' (teal), 'Class Assignment' (purple), 'Question Bank' (purple), and 'Class Attendance' (purple). A vertical sidebar on the left of the main content area lists navigation options: Home, Dashboard, My Students, Students Assessment, Study Centre, Psychomotor/Affective Domain, Result Management, Student Promotion, Cumulative Result, and Class Attendance.

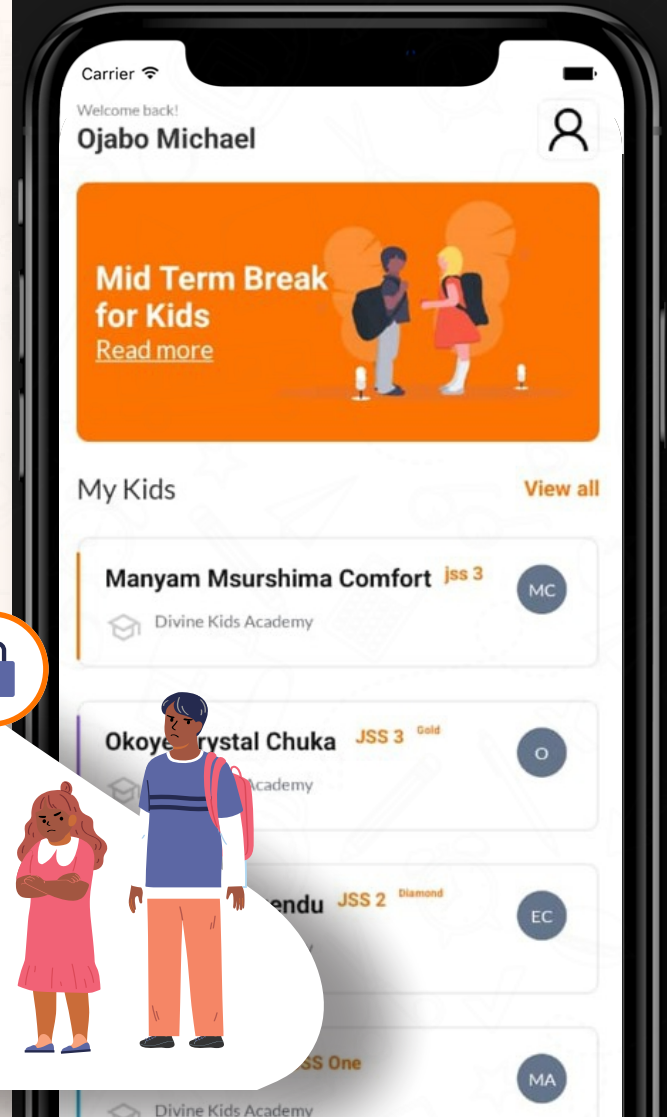

STUDENTS DASHBOARD

- **STUDENT DASHBOARD:** The student dashboard is a user-friendly portal that enables students access learning materials, blogs, submit assignments, take computer-based tests (CBT) and examinations.

With intuitive user dashboards, QampusPlus offers a personalized and efficient approach to managing day-to-day school operations for each user.

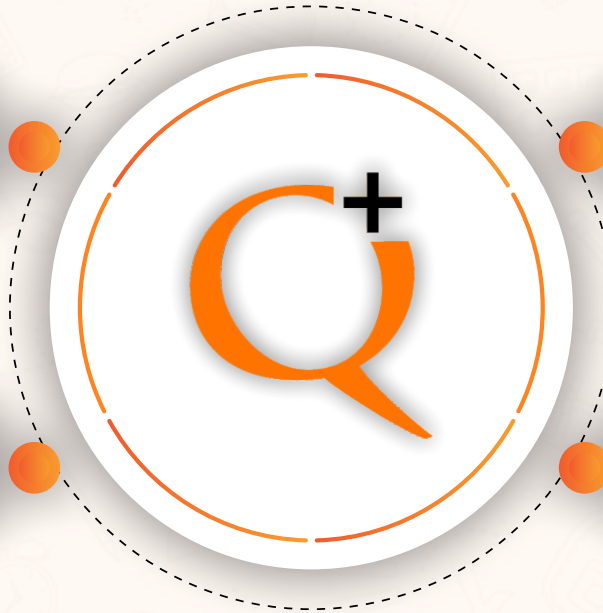

- **PARENT PORTAL:** Parents can view their child(s) assignments, grades/results and manage fee payments. They can also receive messages from the school admin.

Why Schools Love **QampusPlus**

Cloud-based for anytime,
anywhere access.

Data security and privacy
assurance.

User-friendly interface for
all stakeholders.

Scalable for schools of
any size.
